Re: Brinkmann Construction

To Whom This May Concern,

I am writing in recommendation of Gabriel Viola and the team at Brinkmann Construction. Over the past 3 years, they have displayed a dedication to the efficient and timely completion of work. Brinkmann Construction has successfully delivered several commercial, retail, and financial institutions across Canada.

Utilizing years of experience and innovation Brinkmann Construction strives to provide solutions. Capable of delivering specialized skills on projects that involve a high degree of complexity. They seek to work closely with trades and site-management to ensure client expectations and scheduled milestones are met with satisfaction.

They have proven to be extremely capable when undertaking challenging and time sensitive projects. Our experience with them is that they are professional, well managed firm and they meet and exceed customer expectations.

Sincerely,

**Justin Madhany**
